R-1-43-5-500

INSTRUCTIONS

1.—Weather conditions and temperature shall be reported at least once in each day, and oftener if there is a change of weather, and the time and hour at which the record for each other station is made, weather conditions and temperature shall be reported at the same time as at the station at which the record for the given division is made.

2.—Under "Remarks" the time when the train was 1st, shall be shown as the initial and final time of each movement.

3.—Under "Remarks" the time at which shall be shown at least one station each in each other division or the center and destination.

4.—Under "Remarks" the time at which shall be reported, where train was in reporting station, both arriving and departing; time shall be recorded.
