

Thirty-Sixth Volume—From January, 1943, to December, 1943

# General Index

[Illustrated articles are indicated thus\*. Editorials are indicated thus†]

- Accidents:  
 Annual highway conference at University of Michigan..... 415  
 At Wayland, N. Y., on D. L. & W..... 651  
 Bureau of Safety annual report..... 101  
 Head-on collision on C. R. I. & P. at Tie Plant, Ark..... 488  
 Head-on collision on M-K-T near Tebbets, Mo..... 152  
 Head-on collision on St. L.-S. F. at Marionville, Mo..... \*143  
 I.C.C. report on C. M. St. P. & P. sideswiping collision at Warden, Wash..... 548  
 Iowa highway grade crossing..... 373  
 On A. T. & S. F. at Gallup, N. M..... \*674  
 On I. C. at 63rd Street station, Chicago..... 374  
 On Seaboard at Garlington, S. C..... 471  
 On U. P. at Moapa, Nev..... \*99  
 Rear-end collision on C. & N. W. in Dixon, Ill..... 209  
 Rear-end collision on S. P. at Casamalia, Cal..... \*155  
 Report by Bureau of Safety, I.C.C., on the C. C. C. & St. L. at Ashmore, Ill..... \*39
- Africa:  
 Railroading with army in..... \*599
- Alarm Switch:  
 Designed for instrument cases and housings used in signaling systems..... \*611
- All-Relay Interlocking:  
 Installed by Birmingham Terminal Co., at Birmingham, Ala..... \*653  
 Pacific Electric installs all-relay interlocking..... \*409
- Aluminum Company of America:  
 Booklet, "Welding and Bracing Alcoa Aluminum"..... 168
- Annunciator Bell:  
 Compact single-stroke bell..... \*615
- Applications:  
 Approved..... 52, 112, 166, 222, 276, 332, 388, 442, 496, 554, 622, 682  
 Denied..... 334
- Approach Locking:  
 Compared to time locking..... †153
- Association of American Railroads:  
 Bulletin on crossing signal standards..... \*205  
 Estimates ton-mile 18 per cent above last year..... 548  
 No annual meeting of Signal Section in 1943..... 442  
 Signal Section elects officers for 1943..... 47  
 Signal Section committee reports—Work during war..... \*581  
 Telegraph and Telephone Section elects officers for 1943..... 47  
 Telegraph and Telephone Section select new officers..... 218
- Atchison, Topeka & Santa Fe:  
 Accident at Gallup, N. M., on..... \*674  
 Construction..... 52, 328 494
- Automatic Block Signaling:  
 Installed on the Wabash..... \*521
- Automatic Electric Company:  
 Dispatchers telephone..... \*614
- Automatic Signaling:  
 Modernized on N. Y. C..... \*247
- B**
- Baltimore & Ohio:  
 Construction..... 494
- Batteries:  
 Housings for..... †104  
 Low temperature..... 105  
 Maintenance of..... \*324  
 Plastic retainer, Electric Storage Battery Co..... 323
- Battery Elements:  
 Conserving as applied to primary battery..... 43
- Battery Retainer:  
 Plastic..... 323
- Bells:  
 G.R.S. compact single-stroke..... \*615
- Bessemer & Lake Erie:  
 Centralized traffic control..... \*81
- James G. Biddle Company:  
 Insulation tester..... \*610  
 Issues bulletin No. 1735 describing "Megger" insulation testers..... 554  
 Megger insulation testers now made in U.S.A..... \*216
- Birmingham Terminal Company:  
 All-relay interlocking in Birmingham, Ala., installed by..... \*653
- Block Signaling:  
 Installed on the Wabash..... \*521
- Bonding:  
 Is ever with us..... †545
- Boston & Albany:  
 Construction..... 494
- Boston & Maine:  
 Construction..... 328, 494
- Buda Company:  
 Issues bulletin No. 1145 describing the new F2 Model B inspection car..... 554  
 Motor car with new features..... \*611
- Bureau of Safety, I.C.C.:  
 Annual report..... 101  
 Report on accident on C. C. C. & St. L. at Ashmore, Ill..... \*39  
 Report on accident on the U.P. at Moapa, Nev..... \*99
- Burndy Engineering Company:  
 Press-on wire lug..... \*323
- C**
- Cables:  
 Life extended by paint protection..... 215
- Cab Signal:  
 Improved or maintainer horn..... \*613
- Cab Signaling:  
 U. S. & S. amplifier for..... \*436
- Cab Signal Magnet:  
 U. S. & S., with whistle assembly..... \*614
- Cab Signal or Maintainer Horn:  
 Electrically operated to call maintainer at outlying locations..... \*613
- Cab Signal Tests:  
 Made on the turntable..... \*605
- Canadian National:  
 Installs a large all-relay electric interlocking..... \*355
- Canadian Pacific:  
 Construction..... 272
- Carrier Control:  
 G. R. S., new coded C. T. C. and..... \*615
- Carriers:  
 For distilled water..... \*108
- Centralized Traffic Control:  
 At sidings of different importance..... †487  
 Field station disconnect..... \*608  
 G. R. S., new coded and carrier control..... \*615  
 Installed by N. C. & St. L. on 43 miles..... \*647  
 Installed on the Milwaukee..... \*210  
 Installed on the Virginian..... \*90  
 Installed on 39 miles of the Burlington..... \*198  
 Intermediate signals depend on traffic..... \*269
- Junction and a crossing included on the M. P. between Van Buren, Ark. and Ft. Smith..... \*28
- Lap sidings in..... †673
- L. & N. installs on 26 miles of single track..... \*524
- N. Y. C. & St. L. installs on busy sections of single track..... \*364
- N. & W. installs on 14 miles of single track..... \*191
- On B. & L. E..... \*81
- On 107 miles single-track on Rio Grande..... \*416
- Provide batteries to maintain operation for at least 24 hours on project..... 546
- Seaboard installs on 64.6 miles..... \*256
- Speeds war traffic on 80.5 mile section on S. P..... \*144
- U. P. installs on 175 miles of single track..... \*472
- Central R. R. of New Jersey:  
 Golden anniversary of electric semaphore signal..... \*197
- Charge Control Relay:  
 General Railway Signal Co. announces addition of size-2, two rate..... \*609
- Charts:  
 Speed conversion..... \*154
- Chesapeake & Ohio:  
 Construction..... 552
- Chicago & North Western:  
 Installs gates at three crossings..... \*97  
 Report on rear-end collision in Dixon, Ill..... 209
- Chicago, Burlington & Quincy:  
 Construction..... 494  
 Continuously coded local line wire signal control circuits on..... \*538  
 Installs C. T. C. on 39 miles..... \*198  
 Installs new westbound classification yard at Galesburg, Ill..... \*301
- Chicago, Milwaukee, St. Paul & Pacific:  
 Centralized traffic control installed  
 Crossing protection in Minneapolis, Minn., on..... \*659  
 I. C. C. report on sideswiping collision at Warden, Wash..... 548
- Chicago, Rock Island & Pacific:  
 Head-on collision near Tie Plant, Ark..... 488
- Cincinnati Union Terminal Company:  
 Construction..... 552
- Circuits:  
 Change-over..... †319  
 Progress in use of coded track..... †264  
 Reversing for crossing bell..... \*266  
 Transportation of..... \*326
- Classification Yards:  
 Burlington installs at Galesburg, Ill..... \*301
- Cleveland, Cincinnati, Chicago & St. Louis:  
 Construction..... 272  
 Head-on collision at Ashmore, Ill..... \*39
- Coded Carrier Repeater:  
 Developed by Union Switch & Signal Co..... \*612
- Coded C. T. C. and Carrier Control:  
 General Railway Signal Co..... \*615
- Coded Local Line Wires:  
 Signal control circuits on C. B. & Q..... \*538
- Coded Track Circuits:  
 Controls five-aspect signaling on N. Y. N. H. & H..... \*32  
 Economy of primary battery..... 215  
 Progress in the use of..... †264
- Codes:  
 Continuous, scheme on C. B. & Q. to use two line wires to carry..... \*538
- Communication:  
 Used on one train or between trains..... \*665
- Construction:  
 D. & R. G. W. to spend \$3,171,588 for signal, increased in 1942..... 47  
 Telephone and telegraph in 1942..... \*26
- Continuous Codes:  
 Scheme on C. B. & Q. to use two line wires to carry..... \*538
- Controller Bearings:  
 Conservation of..... \*106
- Control Panels for Crossing Signals:  
 Developed by Peerless Manufacturing Corp..... \*608
- Convention in Print:  
 Reports of committees of Signal Section..... \*582  
 Work of Signal Section during war time..... \*581
- Copperweld Steel Company:  
 Announced changes in staff..... 622
- Corning Glass Works:  
 Bulletin on Multiform Insulators..... 222
- Covers:  
 For pipe carrier rollers..... \*604
- Crossing Bell:  
 Reversing circuit for..... \*266
- Crossing Protection:  
 Accidents..... 415  
 At ten crossings in Bay Shore, L. I., on Long Island R. R..... \*481  
 Grade separation and interlocking on N. Y. C. at Herkimer, N. Y..... \*467  
 Installed in Minneapolis, Minn., on C. M. St. P. & P..... \*659  
 Signals for safety, by L. C. Heilman..... \*485

Crossing Signals:	
Peerless Manufacturing Corp. control panels for.....	*608
Crossing Signal Standards:	
Association of American Railroads Bulletin .....	*205
Cutouts:	
Primary fuse.....	*376
Cyclopedia:	
Railway Engineering and Maintenance, 1942 edition.....	103

## D

Delaware, Lackawanna & Western:	
Accident at Wayland, N. Y., on.....	651
Denver & Rio Grande Western:	
C. T. C. on 107 miles of single track Construction.....	*417
To spend \$3,171,588 for improvements.....	386
Denver & Salt Lake:	
Construction.....	328
Tunnel fire ties up Moffat Line.....	550
Depth Gauge:	
Improvised.....	*377
Dispatchers' Telephone:	
Designed by Automatic Electric Co.....	*614
Distilled Water:	
Carrier for.....	*108
Duluth, Missabe & Iron Range:	
Construction.....	386

## E

Thomas A. Edison, Inc.:	
Battery filler.....	*322
Editorial Comment:	
Approach or time locking.....	†153
A review of 1942.....	†40
Battery housings.....	†104
Better switch boxes.....	†673
Bonding is ever with us.....	†545
Broken line wires.....	†104
C. T. C. at sidings of different importance.....	†487
Change-over circuits.....	†319
Electronics in signaling.....	†487
Fireproof housing for signaling.....	†375
Insulation for wires and cables.....	†603
Lap sidings in C. T. C.....	†673
Motor car operations.....	†603
Prepare for winter.....	†545
Progress in the use of coded track circuits.....	†264
Some benefits of the war.....	†213
Signal construction methods during war time.....	†375
Stop rust and decay.....	†319
Train speeds through turnouts at passing tracks.....	†433
War time tests.....	†104
Electric Interlocking:	
Ground detector for.....	*675
Installed on I. C. at Weldon.....	*661
Electric Semaphore Signals:	
Golden anniversary of.....	*197
Electric Storage Battery Company:	
Plastic battery retainer.....	323
Electric Switch Locks:	
Four methods of control.....	321
Electro-Motive Corporation:	
Construction.....	328
Electronic Devices:	
In signaling.....	†487
Emergency Specifications:	
Signal Section, A. A. R.....	196
Equipment:	
Conservation of controller bearings.....	*106
Errors:	
In painting.....	492
Exhibit in Print:	
Alarm switch.....	611
Cab signal magnet with whistle assembly.....	*614
Charge control relay.....	*609
Coded carrier repeater.....	*612
Compact single-stroke bell.....	*615
Control panels for crossing signals.....	*608
Dispatchers' telephone.....	*614
Field station disconnect.....	*608
High rate rectifier.....	*610
Improved cab signal or maintainer horn.....	*613
Insulation tester.....	*610
Motor car mounting.....	*613
Motor car with new features.....	*611
New coded C. T. C. and carrier control.....	*615
Rail sweeps for motor cars.....	*615

## F

Fairmont Railway Motors, Inc.:	
Motor car mounting.....	*613
Rail sweeps for motor cars.....	*615
Fansteel Metallurgical Corporation:	
Engineer's handbook.....	114
High rate rectifier.....	*610
Fiddle String:	
For cable pole.....	*266
Field Station Disconnect:	
For use on two-wire multiple-line systems of C. T. C.....	*608
Filler:	
For battery, Thos. A. Edison, Inc.....	*322
Fire:	
Ties up Moffat Line and Rio Grande.....	550

Fire-Proof Construction:	
As applied to existing frame towers.....	*382
Brick, concrete and asbestos.....	*380
Preventing or minimizing damage to signaling facilities.....	606
Steel frame and fireproof siding.....	*378
Fire-proof Housing:	
For signaling.....	†375
Five-Aspect Signaling:	
Installed on N. Y. N. H. & H. controlled by coded track circuits.....	*32
Freight:	
A. A. R. estimates ton-miles 18 per cent above last year.....	548
Frost Trouble:	
Tests of new absorbent.....	270

## G

Galveston Houston & Henderson Railroad Co.:	
Construction.....	222
Gas Tube Protector:	
Westinghouse-To protect signal system from overvoltage.....	*323
Gates:	
Installed at three crossings on C. & N. W.....	*97
General Electric Company:	
Issued a timely communication on the use of modern solders.....	680
New outdoor photoelectric relay.....	*322
Ratchetless ratchet wrench.....	*440
War-time solders.....	605
General Railway Signal Company:	
Charge control relay.....	*609
Compact single-stroke bell.....	*615
Improved cab signal or maintainer horn.....	*613
New coded C. T. C. and carrier control.....	*615
Golden Anniversary:	
Of electric semaphore signal.....	*197
Gould Storage Battery Corporation:	
Announces changes in Chicago office railroad sales organization.....	552
Grade Crossing Protection:	
At ten crossings in Bay Shore, L. I., on Long Island R. R.....	*481
Signals for safety at railroad-highway crossing.....	*485
Grade Separation:	
Interlocking on the N. Y. C. at Herkimer, N. Y.....	*467
Grease:	
Used for lubrication of bonds.....	546
Grease Cup:	
Protection for.....	*377
Great Northern Railway:	
Construction.....	222
Interlocking installed at Coon Creek, Minn.....	*308
Ground Detector:	
For electric interlocking.....	*675

## H

Hacksaws:	
Removable grip.....	*605
"Hardness":	
Title of first edition of a booklet published by Nitralloy Corporation.....	682
Head-on Protection:	
By number of intermediates.....	*320
Heaters:	
Motor car.....	*45
High Rate Rectifier:	
For emergency charging batteries.....	*610
High-Speed Turnouts:	
Train time saved by.....	*606
Highway Grade Crossings:	
Accidents in Iowa.....	373
Holders:	
For pins.....	*46
Holding Device:	
For grinding small round stock.....	*675
Housings:	
For batteries.....	†104

## I

Illinois Central:	
Electric interlocking installed at Weldon.....	*661
Rear-end collision at 63rd Street station, Chicago, Ill.....	374
Indications:	
Siding occupancy.....	490
Indicator:	
For gasoline overflow on motor cars.....	*155
Insulation:	
For wires and cables.....	†603
Synthetic rubber for signal wires and cables.....	*531
Insulation Tester:	
James G. Biddle Co.....	*610
Interlockings:	
All-relay electric installed on C. P. All-relay installed by Birmingham Terminal Co., at Birmingham, Ala.....	*355
All-relay, replaces mechanical plant on P. & P. U.....	*563
Grade separation on the N. Y. C. at Herkimer, N. Y.....	*135
	*467

Ground detector for electric.....	*675
Installed on I. C. at Weldon.....	*661
Installed on G. N. at Coon Creek, Minn.....	*308
Pacific Electric installs all-relay.....	*409
Interlocking Machine:	
Long Island replaces.....	*602
Intermediates:	
Number of; head-on protection.....	*320
Interstate Commerce Commission:	
Annual signaling statistics.....	*424
Applications approved.....	388
.....52, 112, 166, 222, 276, 332, 334.....	334
Applications denied.....	101
Bureau of Safety annual report.....	56
Denies application of L. V.....	31
Orders signals on K. C. S.....	*674
Report on accident on A. T. & S. F. at Gallup, N. M.....	209
Report of accident on C. & S. W. in Dixon, Ill.....	*39
Report of Bureau of Safety on accident on C. C. C. & St. L. at Ashmore, Ill.....	*99
Report of Bureau of Safety on accident on U. P. at Moapa, Nev.....	651
Report on accident on D. L. & W. at Wayland, N. Y.....	*143
Report on accident on St. L.-S. F. at Marionville, Mo.....	*155
Report on accident on S. P. at Casamalia, Calif.....	152
Report on head-on collision on M-K-T near Tebbetts, Mo.....	373
Iowa:	
Highway grade crossing accidents.....	373

## K

Kansas City Southern:	
Construction.....	494
Signals ordered by I. C. C.....	31
Kinks:	
Battery maintenance.....	*324
Cab signal tests made on the turntable.....	*605
Carrier for distilled water.....	*108
Control from motor car.....	*154
Device for mending prints and drawings.....	*326
Fiddle string.....	*266
Grease cup protection.....	*377
Ground detector for electric interlocking.....	*675
Holding device for grinding small round stock.....	*675
Improvised depth gauge.....	*377
Instant service kit.....	*326
Memorandum pad support.....	*214
Motor car heater.....	*45
Overflow indicator.....	*155
Pin holder.....	*46
Pipe carrier covers.....	*604
Pipe carrier protector.....	*108
Proper care for paint brushes.....	377
Removable hacksaw grip.....	*605
Reversing circuit for crossing bell.....	*266
Saving light bulbs.....	214
Saving materials.....	*267
Shock absorber seat.....	*46
Slot-cutting screwdriver.....	*108
Spark plug protection.....	*214
Speed conversion chart.....	*154
Transportation of circuits.....	*326
Winter lubrication of switch machines.....	*266
Kit:	
Instant service.....	*326

## L

Lap Sidings:	
In C. T. C.....	†673
Leathen D. Smith Shipbuilding Co.:	
Portable cable tape winder.....	*376
Lehigh Valley:	
Application denied by I. C. C.....	56
Light Bulbs:	
Saving of.....	214
Lima Locomotive Works:	
Construction.....	222
Line Wires:	
Broken.....	†104
Long Island Railroad:	
Automatic protection at ten crossings in Bay Shore, L. I.....	*481
Replaces interlocking machine.....	*602
Louisville & Nashville:	
Installs C. T. C. on 26 miles of single track.....	*524
Low Temperatures:	
Results of tests on batteries.....	105
Lubrication:	
Of switch machines during winter.....	*266

## M

Magazine Changes:	
During war-time.....	213
Maintainer Horn:	
Improved cab signal or.....	*613
Mechanical Plant:	
Replaced by all-relay interlocking on P. & P. U.....	*135
"Megger" Insulation Testers:	
Now made in U. S. A.....	*216

Meetings:	
No annual meeting of Signal Section, A. A. R., in 1943.....	442
Memorandum Pad:	
Support for.....	*214
Mending Device:	
For drawings and print.....	*326
Micro Switch Corporation:	
Peanut Micro switch.....	*376
Military Railway Service:	
Railroaders catch on quickly.....	548
Railway signaling in North Africa.....	*534
Missouri-Kansas-Texas:	
Head-on collision near Tebbets, Mo. ....	152
Missouri Pacific:	
Construction.....	52, 328
Junction and a crossing included in C. T. C. ....	*28
Model Board:	
Special car used on Reading for lessons in signaling.....	*600
Moffat Tunnel:	
Fire ties up Rio Grande.....	550
Motor Cars:	
Buda, with new features.....	*611
Control from.....	*154
Fairmont, rail sweeps for.....	*615
Gasoline overflow indicator.....	*155
Heater for.....	*45
Operations of.....	*603
Shock absorber seat for.....	*46
Motor Car Mounting:	
Redesigned spring axle bearing mounting used on inspection cars.....	*613
Multiform Insulators:	
Corning Glass Works.....	222
<b>N</b>	
Nashville, Chattanooga & St. Louis:	
Construction.....	620
Installs C. T. C. on 43 miles.....	*647
New Books:	
Railway Engineering and Maintenance Cyclopedia.....	103
New Devices:	
Alarm switch.....	*611
Amplifier for cab signaling.....	*436
Battery filler.....	*322
Cab signal magnet with whistle assembly.....	*614
Charge control relay.....	*609
Coded carrier repeater.....	*612
Compact single-stroke bell.....	*615
Control panels for crossing signals.....	*608
Dispatchers telephone.....	*614
Fansteel high rate rectifier.....	*610
Field station disconnect.....	*608
Gas tube protector.....	*323
Improved cab signal or maintainer horn.....	*613
Insulation tester.....	*610
Megger insulation testers now made in U. S. A. ....	*216
Micro switch.....	*376
Motor car mounting.....	*613
Motor car with new features.....	*611
New coded C. T. C. and carrier control.....	*615
New outdoor photoelectric relay.....	*322
Plastic battery retainer.....	323
Portable cable tape winder.....	*376
Press-on wire lug.....	*323
Primary Fuse Cutouts.....	*376
Rail sweeps for motor cars.....	*615
Ratchetless ratchet wrench.....	*440
Switch rod and clips.....	*216
Uniform Timer.....	*268
New Employees:	
Reading develops model board for instructions in signal aspects and indications.....	*600
New York Central:	
Construction.....	328, 386, 494
Grade separation and interlocking at Herkimer, N. Y. ....	*467
Modernization of automatic signaling.....	*247
Railroading with army in Africa.....	*599
New York, Chicago & St. Louis:	
C. T. C. installed on busy sections of single track.....	*364
New York, New Haven & Hartford:	
Construction.....	442
Installs five-aspect signaling controlled by coded track circuits.....	*32
Nitralloy Corporation:	
Has published the first edition of a booklet entitled "Hardness".....	682
Norfolk & Western:	
Installs C. T. C. on 14 miles of single track.....	*191
North Africa:	
Railway signaling in.....	*534
<b>O</b>	
Okonite Company:	
Establishes sales office at New Orleans, La. ....	332
Synthetic rubber used by.....	*596
<b>P</b>	
Pacific Electric Railway:	
All-relay interlocking.....	*409
Construction.....	222

Paint Brushes:	
Proper care for.....	377
Painting:	
Common errors in.....	492
Paper:	
Help save.....	675
Shortage of.....	433
Peerless Manufacturing Corporation:	
Control panels for crossing signals.....	*608
Peoria & Pekin Union:	
All-relay interlocking replaces mechanical plant.....	*135
Pins:	
Holder for.....	*46
Pipe Carrier Covers:	
To protect the operation of rollers.....	*604
Pipe Carrier Rollers:	
Pipe carrier covers to protect.....	*604
Pipe Carriers:	
Protector for.....	*108
Poem:	
"The Old Rail's Philosophy".....	434
Protector Tube:	
Westinghouse—To protect signal system from overvoltage.....	*323
Protectors:	
For pipe carrier.....	*108
<b>R</b>	
Rail:	
Poem—Philosophy.....	434
Railroad Operation:	
Train communication most recent addition in.....	*665
Rail Sweeps for Motor Cars:	
Hinged type manufactured by Fairmont Motors, Inc. ....	*615
Railway Engineering and Maintenance: 1942 edition of Cyclopedia.....	103
Railway Signaling:	
In North Africa.....	*534
Ramapo Ajax Division of American Brake Shoe and Foundry Co.:	
Switch rods and clips.....	*216
Ratchet Wrench:	
G. E. ratchetless.....	*440
Reading Company:	
Develops model board for instructions in signal aspects and indications to new employees.....	*600
Rectifier:	
Fansteel high rate.....	*610
Relays:	
Charge control.....	*609
Outdoor photoelectric.....	*322
Repeater Units:	
Union, coded carrier.....	*612
Richmond, Fredericksburg & Potomac:	
Construction.....	386
Richmond Shipyard Railway:	
Construction.....	222
Rods and Clips:	
For switches.....	*216
Roller Bearings:	
Various uses for switches.....	*160
Rubber:	
Synthetic.....	*596
Synthetic insulation for signal wires and cables.....	*531
Rust and Decay:	
Stoppage of.....	*319
<b>S</b>	
St. Louis-San Francisco:	
Construction.....	222, 682
Head-on collision at Marionville, Mo. ....	*143
Screwdrivers:	
Slot-cutting.....	*108
Seaboard Air Line:	
Accident at Garlington, S. C. on Seaboard.....	471
Centralized traffic control installed on 64.6 miles.....	*256
Construction.....	494
Seat:	
Shock absorbing for motor cars.....	*46
Shortage:	
Of paper.....	433
Siding Occupancy Indications:	
Desirable feature.....	490
Sidings:	
Relation importance of C. T. C. at various.....	*487
Signal Construction:	
Increased in 1942.....	*19
Signal Control Circuits:	
Continuously coded local line wire on C. B. & Q. ....	*538
Signaling:	
Applications approved.....	52, 112, 442, 496
A review of 1942.....	*40
Automatic installed on the Wabash Construction increased in 1942.....	*521
Construction methods during war time.....	*375
Electronics in.....	*487
Fireproof housing for.....	*375
In North Africa.....	*534
I. C. C. annual statistics.....	*424
Model board for instructing new employees on Reading.....	*600
Modernization of on the T. H. & B. New Haven installs five-aspect controlled by coded track circuits.....	*32
N. Y. C. modernization of automatic U. S. & S. amplifier for cab signaling.....	*247
U. S. & S. amplifier for cab signaling.....	*436

Signaling Failures:	
Due to broken line wires.....	*104
War time tests of.....	*104
Signals:	
For safety at railroad-highway crossings, by L. C. Heilman.....	*485
Golden anniversary of electric semaphore.....	*197
Signal Section, A. A. R.:	
Elects officers for 1943.....	47
Emergency specifications.....	196
No annual meeting in 1943.....	442
Work during war.....	*581
Signal Wires and Cables:	
Synthetic insulation for.....	*531
St. Louis-San Francisco:	
Construction.....	554
St. Louis-Southwestern:	
Construction.....	552
Solders:	
G. E., timely communication on the use of modern.....	680
War-time.....	605
Southern:	
Switch locks recommended by I. C. C. at Whitesburg, Tenn. ....	548
Southern Pacific:	
Centralized traffic control on 80.5-mile section.....	*144
Construction.....	386, 620
Rear-end collision at Casmalia, Calif. ....	*155
Spark plugs:	
Protection for.....	*214
Speed:	
Conversion chart.....	*154
Stand-by Battery:	
Capacity to last one week with a-c power off on C. T. C. ....	546
Statistics:	
I. C. C. annual signaling.....	*424
T. Geo. Stiles Company:	
Alarm switch.....	*611
Switch Boxes:	
Better now than 20 years ago.....	*673
Switch Circuit Controllers:	
Better now than 20 years ago.....	*673
Switches:	
Micro Switch Corporation.....	*376
Switch Locks:	
Recommended by I. C. C. on Southern at Whitesburg, Tenn. ....	548
Switch Machines:	
Winter lubrication of.....	*266
Synthetic Insulation:	
For signal wires and cables.....	*531
Synthetic Rubber:	
Used in place of raw rubber.....	*596
<b>T</b>	
Tape Winder:	
Portable cable.....	*376
Telegraph:	
Construction in 1942.....	*26
Telegraph and Telephone Construction:	
In 1942.....	*26
Telegraph & Telephone Section, A. A. R.:	
Elects officers for 1943.....	47
New officers.....	218
"War-time Conservation Manual".....	168
Telephone:	
Automatic Electric Co., dispatchers.....	*614
Construction in 1942.....	*26
