OBITUARY

B. J. Schwendt, assistant signal engineer, Big Four district, New York Central System, with headquarters at Cincinnati, Ohio, died on May 9. Mr. Schwendt was born on July 25, 1884, at Green Springs, Ohio, and received his higher

B. J. Schwendt

education at Ohio State University, obtaining a degree in mechanical engineering in 1907 and in electrical engineering in 1936. Prior to attending college he served in various capacities with the Great Northern, and during the summer months while he was going to Ohio State he was employed with the Bullock Electric Company (now Allis-Chalmers Company). Upon graduation he joined the Union Switch & Signal Company, being engaged in the installation of electric and mechanical interlockings and automatic signals on the Pennsylvania, Lines West, the Balti-

more & Ohio and the Erie. In 1909 he became supervisor of signals for the Hocking Valley (now part of the Chesapeake & Ohio), Toledo & Ohio Central, Kanawha & Michigan, Kanawha & West Virginia, Zanesville & Western and Gauley & Eastern (now all N.Y.C.). Three years later he was appointed signal engineer and electrical engineer of the Ohio Central Lines (part of the N. Y. C.) From 1915 to 1925 Mr. Schwendt served as superintendent telegraph and signals and electrical engineer with the same lines except for the period of federal control when his jurisdiction was extended to include also the H. V. He held the position of assistant signal engineer from 1925 to 1937 with the N. Y. C. Lines West, Ohio Central Lines, Indiana Harbor Belt, Chicago Junction and Chicago River & Indiana. Subsequently he was promoted to assistant signal engineer, Big Four district, New York Central System.

R. D. Moore
